Library Presentation - Country of Interest

You will present on a country where you have lived and/or a country you are interested in researching. The procedure you will follow is listed below:

1. Collect information from Pima College Library Sources.

2. Review the information you have collected and decide what you would like to include in your presentation. If you are working with a group you will divide the topic into sections.

3. Plan a five minute presentation that includes some type of visuals. You may do a power point presentation, you may use pictures from the internet, you may make a poster etc.

4. Make note cards with important facts you will relay to your audience.

5. Practice your presentation so you are well prepared. Check your timing, make sure the length of your presentation is adequate. (approximately 5-6 minutes per person)

6. You DO NOT HAVE TO TURN IN A WRITTEN PAPER. You will turn in your completed library handout after you present.

Evaluation Of Individual Class Presentations
